

Stoltenberg Consulting Receives 2011 Best of Bethel Park Award

Company selected by the U.S. Commerce Association (USCA); has been a recipient of the award for the past three years

Pittsburgh, PA, Nov. 7, 2011 – [Stoltenberg Consulting, Inc.](http://www.stoltenberg.com), a leading healthcare information technology consulting firm, was recently awarded the 2011 Best of Bethel Park Award in the Computer Integrated Systems Design category by the USCA for the third year in a row.

The USCA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

"We are honored to be receiving the Best of Bethel Park Award for the third consecutive year," said Sheri Stoltenberg, CEO of Stoltenberg Consulting. "Here at Stoltenberg we are constantly thinking about ways to give back to the Bethel Park community, and are glad that our efforts are being recognized. We believe that giving back is just as important to making Stoltenberg a better company."

Nationwide, only 1 in 120 (less than 1%) 2011 Award recipients qualified as Three-Time Award Winners. Various sources of information were gathered and analyzed to choose the winners in each category. The 2011 USCA Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.
